DESCRIPTION OF ACTIVITIES/ CLASS MANAGEMENT

LESSON PLAN 14 6th December 2023

16 Track 16.mp3

ACTIVITY 1

Listen and say.

Students look at the pictures and name some toys in L1. They discuss what toys they have got at home. They say that their toys are home and they are so beautiful. Students are happy to have opportunity to say something about their favourite toys.

Student look at the flashcards on the board, listen and repeat the words. They are *doll*, *car*, *teddy bear*, *ball*, *robot*, *balloon* and *boat*.

Students repeat the words chorally and individually. This activity can be repeated 3 times.

doll

car

teddy bear

ball

robot

balloon

boat

Students get a handout to stick it into their notebooks. They colour them as they wish.

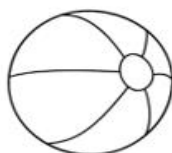

MY TOYS 6th December 2022

car

teddy bear

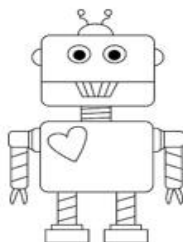

ball

balloon

doll

robot

boat

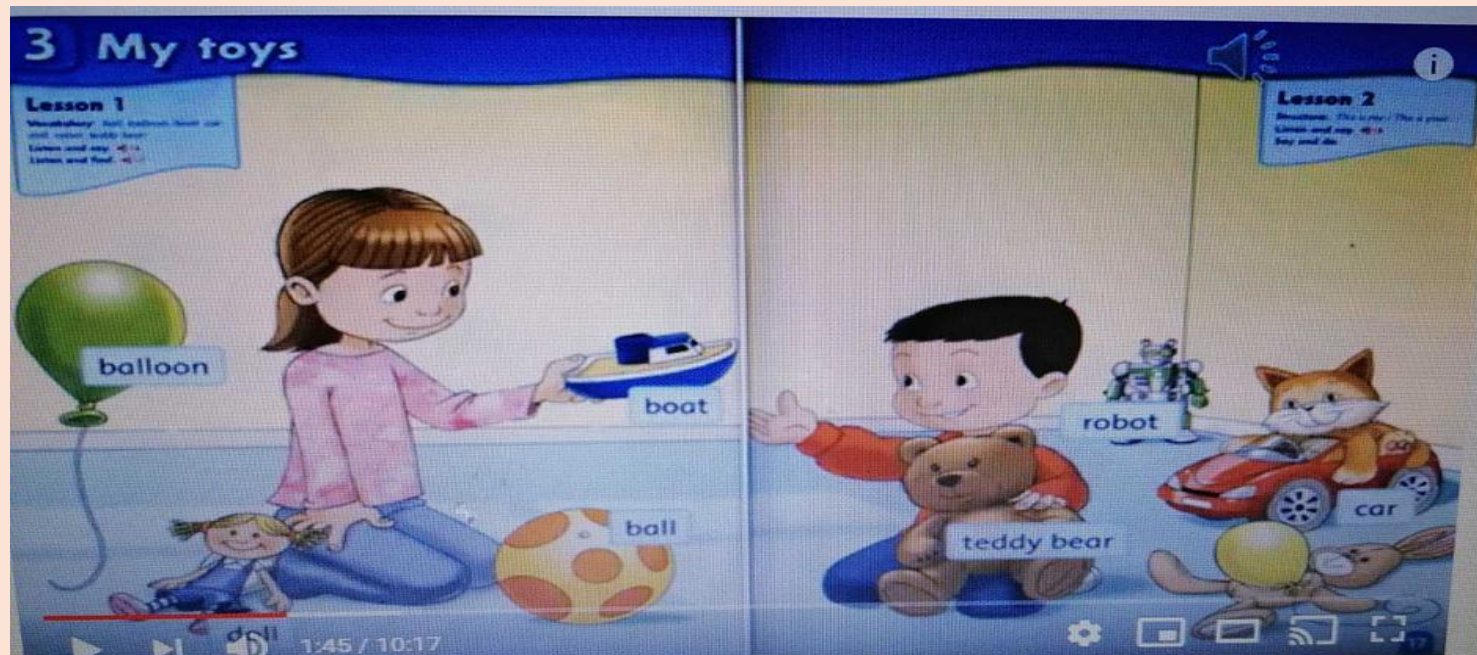

17 Track 17.mp3

ACTIVITY 2

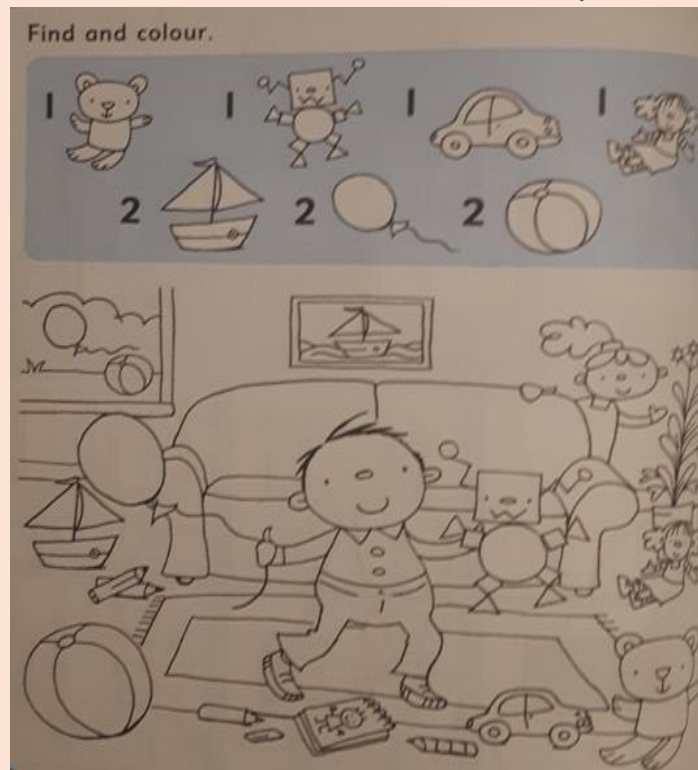

Listen and find.

Students listen to the word and should point to the object on the photo. The words are said at random, e.g. ball, teddy bear, doll, robot, car, balloon, boat. As T says each word, T may like to hold up the flashcards of the object to give children visual support. T plays the CD and pauses after each word. Students listen and point to the object in the photo. Then they listen to the CD again. They listen and repeat the words.

ACTIVITY 3 Listen and find.

Before students start doing this exercise T models the activity on the board. Then she asks students to take their handout and listen to the instructions carefully. Students look at the picture. They say in their own language what they can see in the picture at the bottom of the page (a boy playing with his toys). Then students name the objects they can see in the box at the top of the page. They should look at the big picture and find one or two each of the objects shown in the box, according to the number next to each object. Then students locate and colour the objects in the big picture. T asks them to count the objects they find and colour them. Student's pictures are checked.

GOODBYE!

LESSON PLAN 15 13th December 2023

NUMBERS 6 TO 10

ACTIVITY 4

Students look at the flashcards and name the toys. What's this? It's or This is ... They say the words chorally and then individually. They repeat this activity two to three times.

A doll

a car

a teddy bear
